USACE IIS PROGRAM - FEDERATED STATES OF MICRONESIA

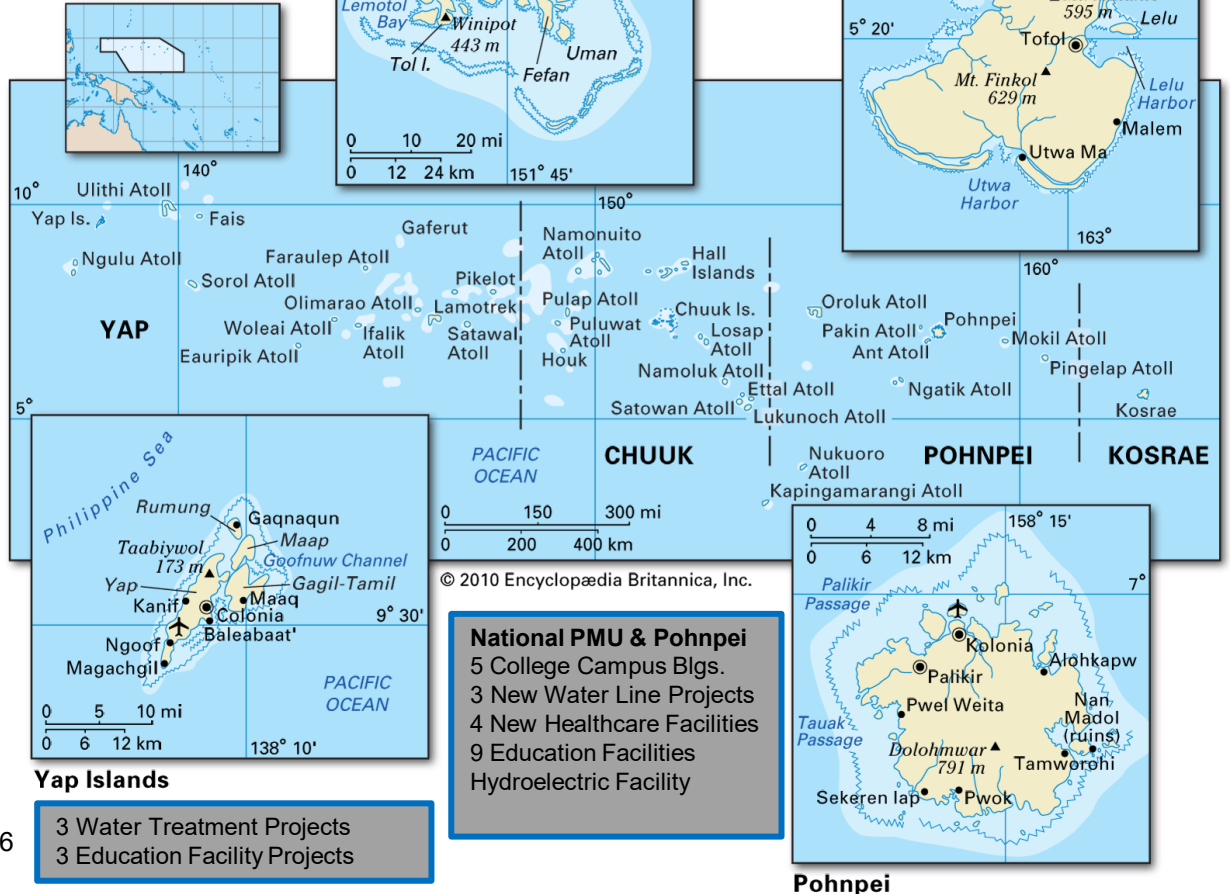

The **U.S. Department of State (DOS), Office of Insular Affairs (OIA)** has officially mandated that all FSM Compact funded projects be independently reviewed and approved by the **U.S. Army Corps of Engineers (USACE) Interagency & International Support (IIS) Services** prior to construction award and funding. A total of **62 OIA funded FSM Projects** have been approved through **Joint Economic Management Committee (JEMCO)** resolutions and are to be provided with both DOS and USACE oversight through construction completion. Approved construction projects are expected to range from **\$500K through \$20M**.

The Federated States of Micronesia National Government Project Management Unit has set up a business website-based advertisement format for all new and anticipated construction projects which are to be awarded and managed by either the National Unit or the Independent States Project Management Offices. This site is managed by the **FSM Department of Transportation, Communications & Infrastructure** and lists all current and proposed construction announcements along with providing all relevant documentation for bidding.
